Item 8.01 Other Events.

On November 3, 2021, Sprinklr, Inc. (the “**Company**”) announced that a partial early lock-up release will occur immediately prior to the opening of trading on November 5, 2021 with respect to its shares of Class A common stock, par value \$0.00003 per share, pursuant to the terms of certain lock-up agreements entered into by the Company’s directors, executive officers, employees, former employees, and certain other stockholders with the underwriters of the Company’s initial public offering. Pursuant to the terms of the lock-up agreements, the lock-up restrictions automatically end with respect to 30% of eligible securities owned as of June 14, 2021 (the “**Early Release Shares**”). The lock-up restrictions will continue to apply with respect to all remaining shares subject to the lock-up agreements until after the close of trading on the second full trading day following the release of the Company’s earnings for its fiscal quarter ended October 31, 2021 (the “**Final Lock-Up Release Date**”).

Due to the current quarterly blackout period in effect, except as permitted by active trading plans, the Company’s directors, executive officers, employees and certain other affiliated stockholders are restricted from trading in the Company’s securities at this time. Accordingly, the Company estimates that approximately 23.3 million shares of its Class A common stock will become eligible for sale in the public market at the open of trading on November 5, 2021. The remainder of the Early Release Shares will automatically be released on the Final Lock-Up Release Date.
